## GEORGE HOPPER MAY GET CARNEGIE MEDAL

Representative of Hero Fund in City Investigating Gallant Rescue.

After four years have passed and when the incident of the saving of the life of little eight-year-old Harold Ryan by George Hopper of E. Battell st. was almost forgotten comes a representative of the Carnegie hero fund of New York city with promises of reward for Mr. Hopper.

The incident as recalled by William Krushanski of this city, who was with Hopper at the time of the happening, brings to the mind a picture of a small boy lying with the lower extremities of his body across the tracks and directly in the path of an on-coming train. Hopper hearing the cries of the boy quickly ran forward and at the risk of his own life snatched the child from a front of the train which was only a few feet away. By Mr. Hopper's presence of mind and his courage the life of Harold Ryan was saved from being blighted or from death. The incident at the time caused considerable attention but like many events of its kind was soon forgotten.

However, the matter was reported to the officials in charge of the Carnegie hero fund and after long delay the matter is being given attention. The purpose of Mr. Clafford's visit to Mishawaka Wednesday was for investigating the matter and making a report to the branch office at Chicago.

Simple Remedy FOR CATARRH

Just Breathe Hyomei Four Times a Day and Be Relieved.

If a few years ago some one had said you could treat catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this wonderful method of treatment.

Hyomei has performed almost miraculous results in treating catarrh and is today recognized by thousands of people as the only advertised remedy for catarrh that can be relied upon to do just what it claims. The complete outfit of Hyomei is inexpensive and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe the air of Hyomei through the little inhaler five or ten times with it for a few minutes four times a day and it will help the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects complete and lasting relief.

In South Bend there are scores of well known people who have been relieved of catarrh by Hyomei. It does not help you Wetzick's Original Cut Rate Medicine Store will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to its faith in this remedy.—Advt.
